 ▶ **Give Form W-4 to your employer.**
 ▶ **Your withholding is subject to review by the IRS.**

2021

Step 1:
Enter Personal Information

(a) First name and middle initial	Last name	(b) Social security number
Address		▶ Does your name match the name on your social security card? If not, to ensure you get credit for your earnings, contact SSA at 800-772-1213 or go to www.ssa.gov .
City or town, state, and ZIP code		
(c) <input type="checkbox"/> Single or Married filing separately		
<input type="checkbox"/> Married filing jointly or Qualifying widow(er)		
<input type="checkbox"/> Head of household (Check only if you're unmarried and pay more than half the costs of keeping up a home for yourself and a qualifying individual.)		

Complete Steps 2–4 ONLY if they apply to you; otherwise, skip to Step 5. See page 2 for more information on each step, who can claim exemption from withholding, when to use the estimator at www.irs.gov/W4App, and privacy.

Step 2:
Multiple Jobs or Spouse Works

Complete this step if you (1) hold more than one job at a time, or (2) are married filing jointly and your spouse also works. The correct amount of withholding depends on income earned from all of these jobs.

Do **only one** of the following.

(a) Use the estimator at www.irs.gov/W4App for most accurate withholding for this step (and Steps 3–4); **or**

(b) Use the Multiple Jobs Worksheet on page 3 and enter the result in Step 4(c) below for roughly accurate withholding; **or**

(c) If there are only two jobs total, you may check this box. Do the same on Form W-4 for the other job. This option is accurate for jobs with similar pay; otherwise, more tax than necessary may be withheld ▶

TIP: To be accurate, submit a 2021 Form W-4 for all other jobs. If you (or your spouse) have self-employment income, including as an independent contractor, use the estimator.

Complete Steps 3–4(b) on Form W-4 for only ONE of these jobs. Leave those steps blank for the other jobs. (Your withholding will be most accurate if you complete Steps 3–4(b) on the Form W-4 for the highest paying job.)

Step 3:
Claim Dependents

If your total income will be \$200,000 or less (\$400,000 or less if married filing jointly):

Multiply the number of qualifying children under age 17 by \$2,000 ▶ \$ _____

Multiply the number of other dependents by \$500 ▶ \$ _____

Add the amounts above and enter the total here **3** \$ _____

Step 4 (optional):
Other Adjustments

(a) **Other income (not from jobs).** If you want tax withheld for other income you expect this year that won't have withholding, enter the amount of other income here. This may include interest, dividends, and retirement income **4(a)** \$ _____

(b) **Deductions.** If you expect to claim deductions other than the standard deduction and want to reduce your withholding, use the Deductions Worksheet on page 3 and enter the result here **4(b)** \$ _____

(c) **Extra withholding.** Enter any additional tax you want withheld each pay period **4(c)** \$ _____

Step 5:

General Instructions

Future Developments

For the latest information about developments related to Form W-4, such as legislation enacted after it was published, go to www.irs.gov/FormW4.

Purpose of Form

Complete Form W-4 so that your employer can withhold the correct federal income tax from your pay. If too little is withheld, you will generally owe tax when you file your tax return and may owe a penalty. If too much is withheld, you will generally be due a refund. Complete a new Form W-4 when changes to your personal or financial situation would change the entries on the form. For more information on withholding and when you must furnish a new Form W-4, see Pub. 505, Tax Withholding and Estimated Tax.

Exemption from withholding. You may claim exemption from withholding for 2021 if you meet both of the following conditions: you had no federal income tax liability in 2020 **and** you expect to have no federal income tax liability in 2021. You had no federal income tax liability in 2020 if (1) your total tax on line 24 on your 2020 Form 1040 or 1040-SR is zero (or less than the sum of lines 27, 28, 29, and 30), or (2) you were not required to file a return because your income was below the filing threshold for your correct filing status. If you claim exemption, you will have no income tax withheld from your paycheck and may owe taxes and penalties when you file your 2021 tax return. To claim exemption from withholding, certify that you meet both of the conditions above by writing "Exempt" on Form W-4 in the space below Step 4(c). Then, complete Steps 1(a), 1(b), and 5. Do not complete any other steps. You will need to submit a new Form W-4 by February 15, 2022.

Your privacy. If you prefer to limit information provided in Steps 2 through 4, use the online estimator, which will also increase accuracy.

As an alternative to the estimator: if you have concerns with Step 2(c), you may choose Step 2(b); if you have concerns with Step 4(a), you may enter an additional amount you want withheld per pay period in Step 4(c). If this is the only job in your household, you may instead check the box in Step 2(c), which will increase your withholding and significantly reduce your paycheck (often by thousands of dollars over the year).

When to use the estimator. Consider using the estimator at www.irs.gov/W4App if you:

1. Expect to work only part of the year;
2. Have dividend or capital gain income, or are subject to additional taxes, such as Additional Medicare Tax;
3. Have self-employment income (see below); or
4. Prefer the most accurate withholding for multiple job situations.

Self-employment. Generally, you will owe both income and self-employment taxes on any self-employment income you receive separate from the wages you receive as an employee. If you want to pay these taxes through withholding from your wages, use the estimator at www.irs.gov/W4App to figure the amount to have withheld.

Nonresident alien. If you're a nonresident alien, see Notice 1392, Supplemental Form W-4 Instructions for Nonresident Aliens, before completing this form.

Specific Instructions

Step 1(c). Check your anticipated filing status. This will determine the standard deduction and tax rates used to compute your withholding.

Step 2. Use this step if you (1) have more than one job at the same time, or (2) are married filing jointly and you and your spouse both work.

Option **(a)** most accurately calculates the additional tax you need to have withheld, while option **(b)** does so with a little less accuracy.

If you (and your spouse) have a total of only two jobs, you may instead check the box in option **(c)**. The box must also be checked on the Form W-4 for the other job. If the box is checked, the standard deduction and tax brackets will be cut in half for each job to calculate withholding. This option is roughly accurate for jobs with similar pay; otherwise, more tax than necessary may be withheld, and this extra amount will be larger the greater the difference in pay is between the two jobs.

Multiple jobs. Complete Steps 3 through 4(b) on only one Form W-4. Withholding will be most accurate if you do this on the Form W-4 for the highest paying job.

Step 3. This step provides instructions for determining the amount of the child tax credit and the credit for other dependents that you may be able to claim when you file your tax return. To qualify for the child tax credit, the child must be under age 17 as of December 31, must be your dependent who generally lives with you for more than half the year, and must have the required social security number. You may be able to claim a credit for other dependents for whom a child tax credit can't be claimed, such as an older child or a qualifying relative. For additional eligibility requirements for these credits, see Pub. 972, Child Tax Credit and Credit for Other Dependents. You can also include **other tax credits** in this step, such as education tax credits and the foreign tax credit. To do so, add an estimate of the amount for the year to your credits for dependents and enter the total amount in Step 3. Including these credits will increase your paycheck and reduce the amount of any refund you may receive when you file your tax return.

Step 4 (optional).

Step 4(a). Enter in this step the total of your other estimated income for the year, if any. You shouldn't include income from any jobs or self-employment. If you complete Step 4(a), you likely won't have to make estimated tax payments for that income. If you prefer to pay estimated tax rather than having tax on other income withheld from your paycheck, see Form 1040-ES, Estimated Tax for Individuals.

Step 4(b). Enter in this step the amount from the Deductions Worksheet, line 5, if you expect to claim deductions other than the basic standard deduction on your 2021 tax return and want to reduce your withholding to account for these deductions. This includes both itemized deductions and other deductions such as for student loan interest and IRAs.

Step 4(c). Enter in this step any additional tax you want withheld from your pay **each pay period**, including any amounts from the Multiple Jobs Worksheet, line 4. Entering an amount here will reduce your paycheck and will either increase your refund or reduce any amount of tax that you owe.

Step 2(b) – Multiple Jobs Worksheet (Keep for your records.)

If you choose the option in Step 2(b) on Form W-4, complete this worksheet (which calculates the total extra tax for all jobs) on only ONE Form W-4. Withholding will be most accurate if you complete the worksheet and enter the result on the Form W-4 for the highest paying job.

Note: If more than one job has annual wages of more than \$120,000 or there are more than three jobs, see Pub. 505 for additional tables; or, you can use the online withholding estimator at www.irs.gov/W4App.

- 1 Two jobs. If you have two jobs or you're married filing jointly and you and your spouse each have one job, find the amount from the appropriate table on page 4. Using the "Higher Paying Job" row and the "Lower Paying Job" column, find the value at the intersection of the two household salaries and enter that value on line 1. Then, skip to line 3
2 Three jobs. If you and/or your spouse have three jobs at the same time, complete lines 2a, 2b, and 2c below. Otherwise, skip to line 3.
a Find the amount from the appropriate table on page 4 using the annual wages from the highest paying job in the "Higher Paying Job" row and the annual wages for your next highest paying job in the "Lower Paying Job" column. Find the value at the intersection of the two household salaries and enter that value on line 2a
b Add the annual wages of the two highest paying jobs from line 2a together and use the total as the wages in the "Higher Paying Job" row and use the annual wages for your third job in the "Lower Paying Job" column to find the amount from the appropriate table on page 4 and enter this amount on line 2b
c Add the amounts from lines 2a and 2b and enter the result on line 2c
3 Enter the number of pay periods per year for the highest paying job. For example, if that job pays weekly, enter 52; if it pays every other week, enter 26; if it pays monthly, enter 12, etc.
4 Divide the annual amount on line 1 or line 2c by the number of pay periods on line 3. Enter this amount here and in Step 4(c) of Form W-4 for the highest paying job (along with any other additional amount you want withheld)

Step 4(b) – Deductions Worksheet (Keep for your records.)

- 1 Enter an estimate of your 2021 itemized deductions (from Schedule A (Form 1040)). Such deductions may include qualifying home mortgage interest, charitable contributions, state and local taxes (up to \$10,000), and medical expenses in excess of 10% of your income
2 Enter: { \$25,100 if you're married filing jointly or qualifying widow(er); \$18,800 if you're head of household; \$12,550 if you're single or married filing separately }
3 If line 1 is greater than line 2, subtract line 2 from line 1 and enter the result here. If line 2 is greater than line 1, enter "-0-"
4 Enter an estimate of your student loan interest, deductible IRA contributions, and certain other adjustments (from Part II of Schedule 1 (Form 1040)). See Pub. 505 for more information
5 Add lines 3 and 4. Enter the result here and in Step 4(b) of Form W-4

INSTRUCTIONS

- The personal exemptions allowed:**

(a) Single Individuals	\$6,000	(d) Dependents	\$1,500
(b) Married Individuals (Jointly)	\$12,000	(e) Age 65 and Over	\$1,500
(c) Head of family	\$9,500	(f) Blindness	\$1,500
- Claiming personal exemptions:**
 - Single Individuals enter \$6,000 on Line 1.
 - Married individuals are allowed a joint exemption of \$12,000.
If the spouse is not employed, enter \$12,000 on Line 2(a). If the spouse is employed, the exemption of \$12,000 may be divided between taxpayer and spouse in any manner they choose - in multiples of \$500. For example, the taxpayer may claim \$6,500 and the spouse claims \$5,500; or the taxpayer may claim \$8,000 and the spouse claims \$4,000. The total claimed by the taxpayer and spouse may not exceed \$12,000. Enter amount claimed by you on Line 2(b).
 - Head of Family**
A head of family is a single individual who maintains a home which is the principal place of abode for himself and at least one other dependent. Single individuals qualifying as a head of family enter \$9,500 on Line 3. If the taxpayer has more than one dependent, additional exemptions are applicable. See item (d).
 - An additional exemption of \$1,500 may generally be claimed for each dependent of the taxpayer. A dependent is any relative who receives chief support from the taxpayer and who qualifies as a dependent for Federal income tax purposes. Head of family individuals may claim an additional exemption for each dependent excluding the one which is required for head of family status. For example, a head of family taxpayer has 2 dependent children and his dependent mother living with him. The taxpayer may claim 2 additional exemptions. Married or single individuals may claim an additional exemption for each dependent, but **should not** include themselves or their spouse. Married taxpayers may divide the number of their dependents between them in any manner they choose; for example, a married couple has 3 children who qualify as dependents. The taxpayer may claim 2 dependents and the spouse 1; or the taxpayer may claim 3 dependents and the spouse none. Enter the amount of dependent exemption on Line 4.
 - An additional exemption of \$1,500 may be claimed by either taxpayer or spouse or both if either or both have reached the **age of 65** before the close of the taxable year. No additional exemption is authorized for dependents by reason of age. Check applicable blocks on Line 5.
 - An additional exemption of \$1,500 may be claimed by either taxpayer or spouse or both if either or both are **blind**. No additional exemption is authorized for dependents by reason of blindness. Check applicable blocks on Line 5. Multiply number of blocks checked on Line 5 by \$1,500 and enter amount of exemption claimed.
- Total Exemption Claimed:**
Add the amount of exemptions claimed in each category and enter the total on Line 6. This amount will be used as a basis for withholding income tax under the appropriate withholding tables.
- A NEW EXEMPTION CERTIFICATE MUST BE FILED WITH YOUR EMPLOYER WITHIN 30 DAYS AFTER ANY CHANGE IN YOUR EXEMPTION STATUS.**
- PENALTIES ARE IMPOSED FOR WILLFULLY SUPPLYING FALSE INFORMATION.**
- IF THE EMPLOYEE FAILS TO FILE AN EXEMPTION CERTIFICATE WITH HIS EMPLOYER, INCOME TAX MUST BE WITHHELD BY THE EMPLOYER ON TOTAL WAGES WITHOUT THE BENEFIT OF EXEMPTION.**
